

Not Just Words PSA (:30)

Ladies, did you know gynecologic cancers, like cervical, ovarian, and uterine cancers, have symptoms?

If you have unusual pelvic pain or pressure, feel bloated or too full too fast, and it keeps happening—

If your periods are heavier or longer than usual, or you have bleeding after menopause—

See a doctor. It may be nothing, but find out.

Learn more. Call 1-800-CDC-INFO.

A message from HHS and CDC's Inside Knowledge Campaign.
